Dear Reader,

From fine dining to family fare and various ethnic cuisines, Watertown offers a wide range of dining options. How do you know which restaurants do and do not accommodate your particular disability?

To find out, the Watertown Commission on Disability surveyed over seventy local restaurants to learn which were the most accommodating. The result is this guide that you and your family and friends can use as a resource when dining.

We hope you find the Accessible Dining Guide helpful and we welcome suggestions and feedback for future editions. Please visit us online at www.wcod.org.

Happy Eating!
